JOGNN SUBJECT INDEX

Volume 34

A

Abnormalities in fetuses
- carrying children with known nonlethal congenital abnormalities, 732
- decision-making after positive prenatal diagnosis, 307
- folic acid consumption and, 672

Abortion, see Perinatal loss

Accessibility to breast cancer screening for women with disabilities, 453

Acute fatty liver of pregnancy, association with fatty oxidation disorders in children, 87

Acute myocardial infarction, culture and knowledge of symptoms, 505

Adolescent mothers
- breastfeeding experiences of, 615
- postpartum depression in, 46
- social support and, 606, 761

African American women
- cervical and breast cancer screening outreach program, 395
- knowledge of acute myocardial infarction symptoms, 505
- low-income women using Web site for pregnancy support, 713
- perinatal losses in low-income women, 595
- posttraumatic stress disorder diagnosis, 521

Antenatal events and neonatal brain injury in premature infants, 358

Antepartum bed rest and postpartum symptoms, 163

Asian American women, factors influencing mammography screening of, 386

Assisted reproduction, survey of nurses who practice in, 561

Australian men, paternal adaptation in, 180

Australian women, perimenopausal symptoms in, 21

AWHONN Near-Term Infant Initiative, 666

B

Barriers to domestic violence screening, staff barriers in military prenatal settings, 63

Barriers to health care, mammography screening of Chinese American women, 386

Bathing and skin flora on skin of premature infants, 741

Bed rest and postpartum symptoms, 163

Birth, see Childbirth

Blood glucose values, reliability of reporting of self-monitoring, 329

Brain injury in premature infants, antenatal events causing, 358

Breast cancer, quality of life in women with, 482

Breast cancer screening
- accessibility for women with disabilities, 453
- Chinese American women, 386
- multicultural and multilingual outreach program, 395

Breastfeeding
- Canadian teenage mothers, 615
- duration of breastfeeding for mothers of twins, 201
- feeding methods and rehospitalization, 70
- neurobehavioral functioning and, 335
- nipple pain prevention and therapies for mothers, 428
- nutritional assessment and counseling for mothers, 120
- very-low-birth-weight infants and, 109
- Vitamin D supplements for breastfed infants, 367
- See also Feeding methods of newborns; Lactating women; Nutrition in infants

C

Canadian women
- breastfeeding experiences of adolescent mothers, 615
- domestic violence and preterm birth in, 721

Cancer, see Breast cancer; Cervical and breast cancer screening; Vaginal cancer

Candida albicans, risk factors for mammary candidosis among lactating women, 37

Central nervous system, of newborns and breastfeeding behavior, 335

Cervical and breast cancer screening, multicultural and multilingual outreach program, 395

Childbirth
- effect of unrestricted oral carbohydrate intake on labor progress, 319
- impact of nurse's presence during, 28
- preterm birth, see Preterm birth
- provider support of spontaneous pushing during, 695

Chinese American women, factors influencing mammography screening, 386

Circadian rhythms and Japanese childbearing family transition, 342

Climacteric, see Menopause and perimenopause

CNS, see Central nervous system

Communication
- disparities in health care and, 504, 512
- provider support of spontaneous pushing during labor, 695

Community outreach, see Outreach programs

Congenital abnormalities in fetuses, see Abnormalities in fetuses

Cortisol and postpartum fatigue and depression, 577

Counseling
- options counseling for women with unintended pregnancies, 373
- for smoking during postpartum care, 703
- social and professional support needs after perinatal loss, 630
- See also Mental health

Creutzfeldt-Jakob disease (mad cow disease) in obstetric patients, 546

Culture and cultural diversity
- disparities in health care and, 504, 512
- health care beliefs and, 682
- outreach program for cervical and breast cancer screening, 395
- social support and, 761
- See also specific culture groups

D

Death, perinatal, see Perinatal loss

Decision-making
- by abused pregnant women, 151
- adolescent mothers and social support, 761
- after positive prenatal diagnosis of fetal impairments, 307
- options counseling for women with unintended pregnancies, 373

Defects, see Abnormalities in fetuses

Depression in women undergoing medical treatment for pregnancy failure, 473
- see also Postpartum depression

DES (diethylstilbestrol) exposure, effects of, 494

Diabetes in pregnant women, reliability of reporting of self-monitoring of blood glucose values, 329
Dietary issues, see Nutrition
Diethylstilbestrol (DES) exposure, effects of, 494
Disabilities and accessibility to breast cancer screening, 453
Disparities in health care
addressing unmet needs of women of color, 385, 504
low-income working women and prenatal care attendance and outcomes, 551
Domestic violence
abused pregnant women's interactions with health care providers, 151
preterm birth and, 721
screening practices in military prenatal settings, 63
Dystocia, effect of unrestricted oral carbohydrate intake on labor progress, 319

E
Early pregnancy loss abortion, see Perinatal loss
Eating disorders and reproductive health, 255
see also Nutrition
Educational programs
improving attitudes and coping with menopause symptoms, 233
postpartum depression and, 587
postpartum learning needs for new mothers, 438
very-low-birth-weight infants and human milk feedings, 109
Egyptian women, preterm birth precursors among, 444
Employment, social support and postpartum return to employment, 639
Estrogen, nonsteroidal, effects of, 494
Ethnicity and ethnic diversity
disparities in health care and, 504, 512
preterm birth precursors, 444
see also specific ethnic groups
European American women
knowledge of acute myocardial infarction symptoms, 505
posttraumatic stress disorder diagnosis, 521
preterm birth precursors among, 444

F
Families, social and professional support needs after perinatal loss, 630
Father-infant relationships, see Paternal adaptation
Fatigue and development of postpartum depression, 577
Fatty oxidation disorders in children, association between acute fatty liver of pregnancy and, 87
Feeding methods of newborns
and rehospitalization, 70
very-low-birth-weight infants and human milk feedings, 109
see also Breastfeeding; Nutrition in infants
Fetal impairments, see Abnormalities in fetuses
Folic acid consumption, 672
Food, unrestricted consumption during labor, 319
see also Nutrition

G
Glucose values, reliability of reporting of self-monitoring, 329
Grounded theory method and maternal-infant research and practice, 349

H
Health care providers
abused pregnant women's interactions with, 151
clinical activities of nurses who practice in assisted reproduction, 561
impact of nurse's presence during childbirth, 28
psychiatric clinical nurse specialist as liaison to OB/GYN practice, 280
Health care utilization of postnatal programs in Sweden, 55
Health education, see Education
Health Practices in Pregnancy Questionnaire-II (HPQ-II), testing and revising, 465
Heart rate variability responses of preterm infants to kangaroo care, 689
High-risk newborns, Pain Assessment Tool (PAT), 80
Hispanic American women, see Latina women
Hmong, health care beliefs among, 682
Hospitalization of newborns, feeding method and rehospitalization, 70
HPQ-II (Health Practices in Pregnancy Questionnaire-II), testing and revising, 465
Hyperbilirubinemia, feeding method and rehospitalization in newborns, 70
Hyperemesis gravidarum impacting maternal role assumption, 172
Hypoxic events and neonatal brain injury in premature infants, 358

I
In vitro fertilization, see Assisted reproduction
Infant-father relationships, see Paternal adaptation
Infant-mother relationships, see Maternal adaptation
Infant nutrition, see Nutrition in infants
Infertility, see Assisted reproduction
Internet (Web site) used for pregnancy support by low-income African American women, 713

J
Japan, sleep-wake cycles, social rhythms, and sleeping arrangement during childbearing family transition, 342
Joint-treatment, psychiatric clinical nurse specialist as liaison to OB/GYN practice, 280

K
Kangaroo care (KC)
growth and development in preterm infants, 218
heart rate variability in premature infants and, 689
mothers' experiences of, 210

L
Labor, see Childbirth
Labor coaching
provider support, 695
spontaneous pushing, 695
Lactating women and risk factors for mammary candidosis, 37
see also Breastfeeding
Language and language diversity, disparities in health care and, 504, 512
Latina women
cervical and breast cancer screening, 395
knowledge of acute myocardial infarction symptoms, 505
postpartum care and, 512
preterm birth precursors among, 444
social support among, 755
Lebanese women, preterm birth precursors among, 444
Liaison models of nursing, psychiatric clinical nurse specialist as liaison to OB/GYN practice, 280
Liver disorders in pregnant women and fatty oxidation disorders in children, 87
Low-income women
African American women using Web site for pregnancy support, 713

perinatal losses in African American women, 595
prenatal care attendance and outcomes, 551
social support for, 769

M
Mad cow disease (Creutzfeldt-Jakob disease) in obstetric patients, 546
Mammary candidosis, risk factors among lactating women, 37
Mammography screening, see Breast cancer screening
Manitoba, domestic violence and preterm birth in, 721
Maternal adaptation
carrying children with known nonlethal congenital abnormalities, 732
hyperemesis gravidarum impact on, 172
kangaroo care and, 210, 218
postpartum depression education and, 587
postpartum learning needs and, 438
social rhythms, sleep-wake cycles, and sleeping arrangement in Japan, 342
Menopause and perimenopause
mind/body approach to symptom management, 274
psycho-educational programs improving women's attitudes toward, 233
symptoms in Australian women, 21
Mental health
mind/body approach to symptom management during climacteric, 274
perinatal loss and social and professional support needs, 630
posttraumatic stress disorder diagnosis, 521
pregnancy failure and, 473
psychiatric clinical nurse specialist as liaison to OB/GYN practice, 280
recognizing and assessing common mental health problems, 246
reproductive health linked with, 245
see also Counseling; specific mental health conditions
Mexican American women, see Latina women
Middle Eastern women, preterm birth precursors among, 444
Military prenatal settings, domestic violence screening practices in, 63
Mind/body approach to symptom management during climacteric, 274
Mineral and vitamin supplements, see Vitamin and mineral supplements
Miscarriage, see Perinatal loss
Misoprostol, quality of life in women undergoing, 473
Mother-infant relationships, see Maternal adaptation
Multicultural and multilingual settings, see Culture and cultural diversity
Multiple births, duration of breastfeeding and, 201
Myocardial infarction, culture and knowledge of symptoms, 505

N
Near-term infants, AWHONN initiative and, 666
Neonatal intensive care units (NICUs) using Pain Assessment Tool (PAT), 80
Neural tube defects and folic acid consumption, 672
NICUs (neonatal intensive care units) using Pain Assessment Tool (PAT), 80
Nipples, pain prevention and therapies for pain, 428
Nonsteroidal estrogen, effects of, 494
Nonviable conception, see Perinatal loss
Nurse's presence during childbirth, impact of, 28
Nutrition in infants
nutrition of breastfeeding women and, 120
preterm and full-term infants, 98
promoting, 97
very-low-birth-weight infants and human milk, 109
Vitamin D supplements for breastfed infants, 367
see also Feeding methods of newborns
Nutrition in women of childbearing age
eating disorders and reproductive health, 255
folic acid consumption, 672
Nutrition of breastfeeding women and nutrition in infants, 120

O
Outreach programs for multicultural and multilingual cervical and breast cancer screening, 395
see also Social support

P
Pain
nipple pain prevention and therapies for, 428
Pain Assessment Tool (PAT), 80
Paternal adaptation
adjustment during the early weeks, 180
becoming an involved father of an infant, 190
social rhythms, sleep-wake cycles, and sleeping arrangement during Japanese childbearing family transition, 342
Patient education, see Educational programs
PCOS (polycystic ovary syndrome), quality of life in women with, 12
PDSS (Postpartum Depression Screening Scale), 569
Perimenopause, see Menopause and perimenopause
Perinatal loss
decision-making after positive prenatal diagnosis, 307
in low-income African American women, 595
quality of life in women undergoing medical treatment for, 473
social and professional support needs of families, 630
Perinatal outcomes, low-income working women and, 551
Physical abuse, see Domestic violence
Physical disabilities and access to breast cancer screening, 453
PNC, see Prenatal care (PNC)
Polycystic ovary syndrome (PCOS), quality of life in women with, 12
Postnatal health care programs in Sweden, 55
Postpartum care, smoking counseling during, 703
Postpartum depression (PPD)
in adolescent mothers, 46
educational programs addressing, 587
fatigue and development of, 577
identifying and treating, 264
profile of women suffering from, 569
symptoms after antepartum bed rest, 163
Postpartum Depression Screening Scale (PDSS), 569
Postpartum fatigue and postpartum depression, 577
Postpartum return to employment, 639
Postpartum women, retention of pregnancy-related weight, 418
Posttraumatic stress disorder (PTSD) disparities in diagnosing, 521
Pregnancy failure, see Perinatal loss
Premature infants
antenatal events causing neonatal brain injury, 358
bathing and skin flora, 741
heart rate variability and kangaroo care, 689
see also Preterm birth

Prenatal attachment, experiences of carrying children with known, non-lethal congenital abnormalities, 732
Prenatal care (PNC)
abused pregnant women's interactions with health care providers during the childbearing year, 151
low-income working women and cost of, 551
Preterm birth
domestic violence and, 721
ethnic variability in precursors of, 444
see also Premature infants
Psycho-educational program for improving women's attitudes and coping with menopause symptoms, 233
PTSD (posttraumatic stress disorder) disparities in diagnosing, 521

Q
Quality of life for women
breast cancer and, 482
polycystic ovary syndrome and, 12
pregnancy failure and, 473

R
Race and racial diversity, disparities in health care and, 504, 521
see also Multicultural and multilingual
Religious support, quality of life in women with breast cancer, 482
Reproductive health
eating disorders and, 255
mental health and, 245
Research methods, grounded theory method and maternal-infant research and practice, 349
Rickets, Vitamin D supplements for breastfed infants, 367

S
Screening
breast cancer screening accessibility for women with disabilities, 453
Chinese American women and breast cancer screening, 386
multicultural and multilingual outreach program for cervical and breast cancer screening, 395
partner violence screening in military prenatal settings, 63
Postpartum Depression Screening Scale (PDSS), 569
Skin flora and bathing of premature infants, 741
Sleep-wake cycles, social rhythms, and sleeping arrangement during Japanese childbearing family transition, 342
Smoking cessation counseling during postpartum care, 703
Social Ecological Model and folic acid consumption, 672
Social rhythms, sleep-wake cycles, and sleeping arrangement during Japanese childbearing family transition, 342
Social support
adolescent mothers and, 606, 761
cultural diversity and, 754
low-income women and, 713, 769
perinatal loss and, 630
postpartum depression and in adolescent mothers, 46
postpartum return to employment and, 639
rules of, 754
Web site for pregnancy support, 713
for women with breast cancer, 482
see also Outreach programs
Spontaneous abortion, see Perinatal loss
Stereotypes, disparities in health care and, 504
Supplemental nutrition, see Vitamin and mineral supplements
Sweden, health care utilization of postnatal programs, 55

T
Testing, self-administered
HPQ-II (Health Practices in Pregnancy Questionnaire-II), 465
reliability of reporting of self-monitoring of blood glucose values, 329

U
Unintended pregnancies, options counseling for women experiencing, 373

V
Vaginal cancer and DES (diethylstilbestrol) exposure, 494
Very-low-birth-weight infants, breastfeeding, 109
Violence of partners, see Domestic violence
Vitamin and mineral supplements
folic acid consumption, 672
Vitamin D supplements for breastfed infants, 367

W
Web site for pregnancy support, low-income African American women using, 713
Weight of postpartum women, retention of pregnancy-related weight, 418
Welfare recipients, prenatal care attendance and outcomes, 551
White American women, see European American women
Women of color, see specific racial and cultural groups
